Sri S. M. KRISHNA.—Now that the Chief Minister is here. Instead of following Madras, why should we not follow Delhi? What is the difficulty of the State Government?

Sri S. NIJALINGAPPA.—We are in a State and so we are following the State pattern. I quite appreciate the fact that these poor people do not get as much as they want, but we cannot go outside the pattern that is prevailing. I understand what he is saying and I have sympathy for them. Let me work it out and I do not think that they should expect it immediately.

Sri G. V. GOWDA.—Why not we evolve a formula which will be followed by other States?

Sri S. NIJALINGAPPA.—I have already given a reply to it.

Mr. SPEAKER.—Question No. 637. The Hon'ble member Sri. Andanaiah I believe has authorised Sri Sanjivanath Aikala, but he is also not present here.

Sri M. V. KRISHNAPPA.—The held over Question No. 351 of Sri Revanasiddappa may be taken up.

Mr. SPEAKER.—The Hon'ble member Sri Revanasiddappa came and requested me that it may be held over for some time more and I have no objection to hold it over for some days more. If members want to make such requests, I would appeal to them that they should come to me well in advance so that I conld hold it over before sending it to the Press because once it is sent to the Press and included in the List it becomes difficult to hold it over and it does not look nice also.

Question Hour is over.
